WEEKLY REPUBLICAN—1907.  
DAILY PUBLIC LEDGER—1898

MAYSVILLE, KENTUCKY, FRIDAY, SEPTEMBER 19, 1919.

ONE COPY—ONE CENT.

## INTEREST GROWS IN EFFORT TO EDUCATE MASON COUNTIANS

Mason County Moonlight Schools Will Open on October 6th and Effort Will Be Made to Enlist Every Grown-up in County Who Cannot Read or Write.

"One Hundred Per Cent. Attendance—Everybody reading and writing." That's the slogan of the Mason County Illiteracy Drive which is progressing very successfully under the leadership of Mrs. James B. Ross, of this city County Illiteracy Agent.

Every school teacher in the county has agreed to conduct during this year a Moonlight School in their district for the benefit of the grown-ups in that community who can neither read or write. These schools will be opened on the evening of October 6th and plans are now rapidly taking form for the conducting of these schools.

Interest is keen all over Mason county. Mass meetings were held Thursday evening at Reckerville and Plumville. There were large audiences at both places and the people seemed very anxious to attend the Moonlight School and acquire the ability to read and write before the 1920 census is taken. There are at present many grown illiterates in Mason county and a desperate effort will be made to reduce this number considerably if it is not entirely wiped out.

Mrs. Ross, the county illiteracy agent, hopes to have every school district in Mason county thoroughly organized and ready to begin real work by the date set for the opening of the Moonlight School season.

## LEDGER TO GIVE FANS WORLD SERIES DOPE

Arrangements are being made whereby the Public Ledger will give its readers and friends the "dope" on the World Series baseball games "right off the bat." Besides having full information on the games in the afternoon edition or at least the game up to press time and the complete game in the morning edition, bulletins will be posted at the Public Ledger building each inning during the series of games.

## BAND CONCERT TONIGHT

The regular weekly band concert will be held this evening in the Municipal Band stand in Market street, weather permitting. The boys have several new numbers that have not been heard by all our citizens and it is expected that there will be quite a crowd out on the streets.

## COMMITTEES ARE NAMED FOR ANNUAL TOBACCO FAIR

Maysville's Big Corn and Tobacco Fair Will Likely Be Held at the Big Home Warehouse—Department Heads Are Selected.

At the meeting of Chamber of Commerce directors and interested business men held on Thursday evening at the Chamber of Commerce to discuss plans for the Corn and Tobacco Fair, some final plans were discussed and heads of various departments were named.

The managing committee of the Fair for this year will consist of A. L. Merz, chairman, George Kirk, secretary, H. P. Purnell, Sherman Arn. President H. J. Cochran will look after the wiring of the warehouse in which the fair will be held. The Territorial Club will look after the decorating and Mayor Thomas M. Russell will have charge of the entertainments.

It has been practically decided that the fair will be held in the big Home Warehouse. One side of this great building will likely be used for shows and concessions while the other side will be used for the erection of booths.

Another meeting will be held in a very short time when these details will be worked out more thoroughly. Enthusiasm was very high it is certain that the fair will be one grand success.

## P. T. A. GETS UNDER WAY AT TODAY'S MEETINGS

The most of the Parent-Teacher Associations of the city will hold their first meeting of the school year this evening and the officials hope to get the work of these live organizations well under way. The Parent-Teacher Associations have accomplished much in the Maysville school and they expect to have a very successful year this year.

## HORSES GIVE WAY TO AUTOMOBILES

Workmen are engaged now in tearing out a number of the stalls in the Higgins & Slattery stable in lower Market street to give more storage room for automobiles. This popular firm's business in storing automobiles is growing very rapidly and they are compelled to make more room.

## SUNDAY SCHOOL PRIMARY PARTY ON SATURDAY

The Primary Department of the Sunday School of the First Baptist church will have a party for the little tots at the church on Saturday afternoon from 2:30 to 4:30. Invitations have been issued to all members of this department.

## AUTOS AS WELL AS STOCK SALESMEN AND PEDDLERS MUST PAY

Council License Committee Decides That They Will Not Place License Tax on Local Business Houses But License Law and Will Be Considerably Revised.

The proposed revision of the city's license law will not include licensing all of the local business houses. This was finally decided upon at a meeting of the License Committee of City Council held on Thursday evening but there will be a considerable revision of the city's licensing law offered at the next regular meeting of council which will mean a considerable increase in the city's revenue.

With the coming of the automobile into more general use and the relegating of the horse and wagon, the city's license income has been rapidly dwindling. The city's license law still fixes a license on horses and wagons and on horse drawn drays but it does not include motor delivery wagons and transfer auto trucks, which in the past few years have taken the place of horse drawn wagons and drays. The newly revised license law will provide for a \$5.50 license on motor delivery wagons and \$10 on transfer trucks.

The committee also proposes to take steps to protect the citizens of Maysville from "wild cat" stocks and at the same time bring money into the city treasury by the fixing of a license fee of \$500 on salesmen of stocks which are not listed on either the New York or the Cincinnati Stock Exchange.

Peddlers in the city will also pay a larger license fee and salesmen from other cities who come here and make sales from hotel rooms will also be required to make a donation to the city's treasury or stay away from Maysville. Magazine solicitors will also donate.

The definition of "Near Beer" came up for a general discussion. This matter is now in the Federal courts and as this city's ordinance reads "Near Beer," this changed to "Brewed drinks" and will greatly protect the operators of "Soft Drink Saloons" selling these brewed drinks. In the past they have been required to pay a license fee of \$200 per year and at the same time grocers and others have been allowed to sell identically the same "near beer" with only a soft drink license. This change in the license law will mean that all not holding a \$200 license must discontinue the sale of "Brewed drinks" of all kinds. Thursday's meeting was but a committee meeting and the decisions made were tentative. The entire matter will come before Council as a whole at the next regular meeting in October.

## SPECIAL MEAT SALE

SATURDAY, SEPTEMBER 20

Come where you get the most meat at the least price.

### BEEF SPECIALS

## HOUSES BEING TORN DOWN

Workmen are engaged in tearing down the houses East of the Growers warehouse in the Fifth ward and the last of these houses is coming down today. Work at extending the Growers warehouse through to Water street will begin just as soon as the debris from these old houses is removed.

## POLICEMAN SUSPENDED FOR THIRTY DAYS

The Police Committee of City Council held a meeting at the Council Chamber on Thursday evening to hear charges placed against Officer Dudley Bloomhoff of drunkenness. After hearing all the evidence, the committee decided to suspend the officer from the force for a period of 30 days.

Mr. William Holsworth, of Milwaukee, Wis., general manager of the Holsworth syndicate Five and Ten Cent Store, is spending a few days in Maysville the guest of Manager Olson, of their local store.

## BURNING BRIDGE ON THE C. & O. ENDANGERS MANY

Fast C. & O. Train Is Flagged Just In Time to Prevent Its Crashing Onto Burning Bridge Near Cincinnati.

By a few minutes' time a C. & O. of Indiana R. R. passenger train was saved from plunging 40 feet with its sleeping passengers, early Friday, when a trestle spanning a gully between Bridgetown and Schwartz Woods, west of Westwood near Cincinnati, was destroyed partly by fire. While volunteers and Chevrolet and Cincinnati firemen were fighting the fire, some one remembered the train was due. A fireman with a lantern ran along the track and flagged the train as it came in sight.

The engineer backed his train to Miamitown and detoured to reach Cincinnati. Many passengers were not awakened by the sudden stopping of the train.

Edward Newhouse, farmer, awakened by a red glare in his bedroom window, saw 150 feet of the trestle blazing. He telephoned the fire department.

A large clatern was used to pump water, but it went dry. George Hoffman, chief of the Chevrolet department, took his auto pumper to Muddy Creek to obtain water.

## HAD KENTUCKY FISHING LICENSE

It is understood that the Southern Ohio district Game Warden, who made a raid a few days ago on fisherman's supplies found at the homes of several Aberdeen people, will be required by the courts to return the equipment which he carried away when he made these raids. It develops that these fishermen had Kentucky fishing license which gave them permission to fish in the Ohio river; and that these nets and seines were being used in the river only.

## GETS BEANS FROM JAPAN

So very scarce is the supply of dried beans in this country that the M. C. Russell Company, local wholesale grocers, had to seek a foreign market to meet the demands of their trade and this firm has just received notice of the receipt in Seattle, Wash., of a shipment of 600 bags of White Navy beans grown in Japan. The beans were shipped to the local firm from Seattle on September 3 and will be several weeks in arriving here.

## TAKES CHARGE OF BUILDING FIRST OF OCTOBER

The Maysville Sult and Dry Goods Company which recently leased the Pecor Drug Company's building, will take charge of that building the first of October and prior to that time the stock of the Pecor Drug Company will be sold. The dry goods company plans extensive changes and improvements in the building before they occupy it.

## MANY SEE FEATURE PICTURE

There was a very large audience at the Washington Theater on Thursday evening to see Harold Bell Wright's "The Shepherd of the Hills" produced in pictures. The show is to have been an exceptionally good one and it is thought that the Washington will be crowded for all the remaining engagements of this picture here.

## THE LAST OUTLAW

In a thrilling western feature that will be shown at the Pastime tomorrow, Pete Morrison is featured in this thriller. Also "Nellie's Naughty Boarder," L'Ko comedy and New Screen Magazine.

Buy in Maysville. It pays.

## HUSBAND ASSISTS IN SEARCH FOR MISSING GIRL IN BALTIMORE

Miss Louise Fox Had Been Secretly Married Last April It Was Just Been Learned—Officers Are Yet Unable to Unravel Deep Mystery of Her Disappearance.

Although officers have turned over every possible clue to the mysterious disappearance of Miss Louise Fox in Baltimore on last Saturday evening, they have as yet been unable to find any clue that would lead them to solve this, the deepest mystery that has faced these officers in many years.

The case took a most peculiar turn to her Maysville friends, on Thursday evening when a news dispatch in a Cincinnati newspaper told of the young lady's secret marriage on April 13 last to Mr. George Erwin Bushfield, a student in Columbia University, New York. The husband is now in Baltimore assisting in the search of officers and relatives for the missing girl.

Mr. Ferd Hechinger, local clothing merchant, uncle of the missing girl, who is now in Baltimore assisting in the search, telegraphed his family here this morning that there were no new developments in the case and that he was leaving Baltimore today to return to Maysville being unable to accomplish anything in the case there.

The theory that the young woman was kidnapped still seems to be the one to which the officials are holding. Although it is reported that the young lady had one thousand dollars in Liberty Bonds on her person and several valuable jewels, it is hardly thought that she was taken up by robbers as she wore neither hat or coat and carried no purse in her hand. It is still thought that her kidnappers will be heard from in a short time.

## PREACHING AT BAPTIST CHURCH ON THURSDAY

On next Thursday evening Rev. J. A. Davis, pastor of the Two Lick Baptist Church, will preach at the First Baptist Church, this city and it is hoped that the entire membership will attend. Rev. Mr. Davis has been extended a call to the pastorate of the local church and on Thursday evening he will likely make his answer to that call.

Next Monday in Squire Fred Dresel's regular monthly court day and there are many cases on the docket scheduled for trial.

## WRECKED TOWN WILL BE REBUILT

Citizens of Stricken City Plan Construction of Sea Wall For Protection Against Recurrence.

Corpus Christi, Texas, September 19.—The toll of Sunday's tidal wave and hurricane was placed today at between 350 and 425 dead and property loss of \$20,000,000.

Almost continuous rain since Sunday has made difficult the problem of taking care of 3000 homeless. Authorities hoped to complete the refugee tent city tonight.

"Dozens of once prosperous citizens have been made penniless, many of them actually losing clothes from their backs," Roy Brown, former mayor, said today. "Financial assistance is what these people need worst, particularly the men with families."

"But this people have not lost their courage," Brown said. "All they want is money to work with and the city will be rehabilitated quickly. Plans for a sea wall, such as saved Galveston from the terrors of Sunday's storm already are under way."

In selecting the new election officers yesterday, the Election Commissioners endeavored to select men who would be certain to serve. For the past two years on election day there has been much confusion when appointed election officers fail to report for duty. For the past two elections the polls in the Plumville precinct have not been opened.

Rev. W. D. Welbourne, the new pastor of the First M. E. Church, South, and his family arrived in Maysville Thursday. They will reside in a flat in the Chunn property in West Third street. Rev. Welbourne and his good family are given a very hearty welcome to our city.

Mrs. George Schatzmann of Lexington street received word yesterday that her brother-in-law, Mr. Job Inskeep, of Russellville, Ohio, was in a very dangerous condition and his death was expected at any time. His many friends here regret to learn this.

The funeral of the late Michael McTigh was held this morning at 9 o'clock from St. Patrick's church and burial was made in the Washington cemetery. Mr. McTigh was 92 years of age and was born in Ireland.

Mrs. M. Galanty has returned to her home on West Second street, after being in Cincinnati for a few days, called there by the illness of her sister-in-law.

## GRAND JURY QUITS AFTER QUIET SESSION OF FIVE DAYS

Mason County Grand Jury For the September Term Is Finally Adjourned—Three Indictments Returned Today.

The Mason County Grand Jury for the September term adjourned finally at about 4 o'clock this evening returning into court only three indictments. During the day the jury had many witnesses before them some of whom were local food dealers and it was thought that some action or at least some recommendation in the food situation would be made but nothing was mentioned.

The indictments returned this afternoon were D. Thomas, house breaking; D. Thomas, carrying away personal property of another; Albert Mallory, grand larceny.

The final report of the jury follows: We, the Grand Jury duly empaneled at the September term of the Mason Circuit Court, respectfully report that we have been in session five days, and have examined about 50 witnesses and returned 15 indictments.

We find the public records and buildings in good condition and well kept. We find the general moral conditions in the county exceptionally good and the law in a large measure being obeyed.

Having finished our labors, we ask to be dismissed.  
ELMER G. DOWNING, Foreman.

## DOVER PLANS COMMUNITY STORE AND ELECTRICITY

The Mason County News, of Dover, says that the Dover Community Club has already started plans for the establishment in that beautiful little town of a Community Store owned by the community and a plan is also on foot to install electric lights on the streets of the town.

## KAIN GETS JUDGMENT

A jury in the Mason Circuit Court this afternoon awarded \$130 judgment to Mr. John Kain, local blacksmith, in his suit against the Cary-Reed Construction Company, of Lexington, builders of Maysville's asphalt streets.

Several Maysville people go to Minerva tonight to attend a meeting of the Community Club when a drive to make that town 100 per cent. Sanitary will be started.

Buy in Maysville. It pays.

 Commissioner of Agriculture—WM. C. HANNA, Shelbyville.  
 Railroad Commissioner—E. C. KASH, Jackson.  
 Representative—DR. W. S. YAZELL.

## PRAYER PLUS THE THREE BAGGER

While we do not think it proper to draw any conclusions we think it interesting to record that a Cincinnati pastor invoked divine aid in the matter of a pennant for the Cincinnati baseball team and that the team did win.

There may be some who incline to the efficacy of prayer in such cases; others to the material circumstance of the three bagger. There is nothing to disprove the efficacy of either.

A number of ministers were provoked to caustic comment by the temerity of the brother who invoked divine blessing on the sterling Cincinnati athletes, alleging that prayer finds its highest purpose in seeking the establishment of social justice and should not be employed in aid of such inferior devices as baseball.

We wonder if, after all, there is not something inspiring in the supplication of the bold pastor who could not refrain from showing his zeal and pride to the Almighty. Does Providence, think you, frown upon the man who is full of zip and the surge of youth, who is keen for physical excellence and who is not afraid to speak his thoughts to the Highest?

Having no mind to utter mischievous humor we are disposed to think that prayer cannot operate to the disadvantage of the average baseball player. His sound physique and clear brain inspire the youth to like excellence, just as virtuous conduct and moral example in the pastor are the guides to a higher spiritual plane.

The brother who asked divine aid for the Cincinnati team may have stopped off the reservation just the merest trifle, but we cannot help uttering a gentle, little "Amen" to the honesty of a man of the cloth who isn't afraid to talk to God about the home nine.

## THE PEOPLE PAY

According to Treasury reports, the debt of the United States increased \$795,000,000 during August and now amounts to more than \$26,000,000,000. The increase in August was about \$7 per capita for the entire population of the country, or about \$35 per family. That means that, on an average, the debt of every family in the United States increased \$35 in that one month. The average debt of each family in the United States because of the National indebtedness, is about \$1,200. This serves to recall the statement made by Secretary of the Treasury McAdoo during a Liberty Loan campaign just two years ago, when he said, "The American people are not asked to give anything to their government, but merely to invest a small per cent. of the annual increment of wealth and take in return from their government the strongest security on the fact of God's earth." If, on an average, each family invested \$1,200 in Liberty bonds and now has to dig up, on an average, \$1,200 in taxes to pay off the bonds, was that, in fact, an investment, or was it merely a postponement of the day of payment of the debt? And, in addition to paying off their own bonds, the people must pay several millions of interest and many more billions of war expenditures and war wastes in the form of current taxes for which no bonds were issued. Mr. McAdoo cannot make the people believe that they can lift themselves by their boot straps.

## BEATING THE REPUBLICANS

The dangerous thing about the treaty from the point of view of American interests is that under it we break faith as a nation and accept the expediences of European diplomacy as our own. All this may have been necessary. It might not have been had Mr. Wilson been a shrewd diplomat than he is—nevertheless, for all practical purposes it may have been inevitable. Granted that, it becomes of the utmost importance that the American people should understand what has happened. For unless we enter the league without illusions, without sentimentality, and without pretense, we shall do nobody any good by our participation. In this respect the president is not serving his countrymen well. He is using all his great power to prevent the American people from preparing themselves intellectually and morally for the grave and intricate and explosive matter which are contained in this treaty. Instead of taking the candid course of explanation he has chosen to climb on the highest horse available and to proceed with a gallop. His victory would not mean a triumph for the league of nations, but simply a political victory over the Republican opposition.

## GET IN LINE

Don't all strike at once. Wait your turn.—Houston Chronicle.

Shoe prices have gone up more than 100 per cent. on account of the high price of leather. Meanwhile, the net earnings of the "entire trust" have increased 100 per cent.—Cleveland Plain Dealer.

## VOLUNTEERS NEEDED TO LAUNCH THIRD ROLL CALL

ONE million volunteers to help in the work connected with the Third Roll Call, November 3-11, is the appeal issued by the National Headquarters of the organization.

Each local Red Cross chapter is interested in enrolling workers in the community who will make this Roll Call an overwhelming success.

The November campaign has two purposes—to secure for 1920 as nearly universal membership as possible, and to obtain \$15,000,000 for the completion of relief work abroad, undertaken during the war.

State campaign managers for the Lake Division of the American Red Cross have been appointed by MacKenzie R. Todd, campaign manager for the division. R. F. Grant is manager for Ohio, Clarence Stanley for Indiana and John R. Downing for Kentucky.

Under the leadership of these men the Lake Division, comprising three states, hopes to equal its previous records. In the last War Fund Drive the division over-subscribed its quota of \$3,400,000 by almost \$4,500,000.

In the first Roll Call these states were the first to go over their quota. In the second Roll Call, in spite of the influenza epidemic, the Lake Division managed to enroll over 2,235,000 new members.

During the war there were two annual Red Cross campaigns, the War Fund Drive and the Christmas Roll Call for membership. The November campaign will be the only one this year, and in succeeding years there will be only the annual Roll Call.

In naming this sum of \$15,000,000, the Red Cross has tried to determine the smallest amount which will enable it to round out its work. It is believed that the end of our foreign obligations is in sight and, accordingly, the Red Cross is turning its chief attention and energy to the development of a clearly defined home program, which already includes systematic preparedness for disaster relief, a widespread nursing plan, continuing Home Service operations, First Aid instruction, and a Junior Red Cross program, all of which depend for their success upon large and vigorous chapters. For these reasons, the enrollment of members is the chief purpose of the November campaign.

It is the primary ambition of the American Red Cross to be of service to Americans.

## WHY DOES THE AMERICAN RED CROSS NEED FUNDS?

Because—The Red Cross cannot withdraw the helping hand extended to soldiers, sailors, and marines until every one of them is at home—at work again, or receiving medical care.

Because—The medical and surgical supplies of the American Expeditionary Forces made available for use by the Red Cross by a recent act of Congress must be distributed and administered.

Because—The devastated countries of Europe cannot meet, with their own resources, the problems of sickness and disease among grown people and children, and the building up of man power.

Because—To be of service to Americans, the American Red Cross is preparing to launch its peace program of continued Home Service, First Aid, Public Health Nursing, and extended Junior Red Cross activities.

## RED CROSS ANNOUNCES PUBLIC HEALTH PROGRAM

AN outline of the peace time program of the American Red Cross has been given, following the announcement of the Third Red Cross Roll Call, November 3-11, for members and a fund of \$15,000,000.

Foremost will be the nation-wide activity for the promotion of public health, and hand in hand with this crusade will go a vigorous campaign for the extension of the country's nursing resources.

In its public health campaign the American Red Cross will make an effort to reduce the high mortality rate and to improve general health conditions. Red Cross public health nurses will be assigned to as many small communities as possible, thus extending to the rural population the bedside nursing, school inspection, classes in hygiene and home nursing that have been so effective in cities.

In this connection it is planned to offer to every woman in America instruction in home sanitation, hygiene, care of the sick and dietetics, thus providing first-hand knowledge of how to keep the family well and what to do where illness or accident cannot be avoided. These courses are now being introduced into the public schools and colleges, and are offered to department store employees, factory operatives, girl scouts, nurse maids and others, fitting them to help combat infant and child mortality, malnutrition, unsanitary living conditions, preventable disease and epidemics in their own homes.

The 7,000 public health nurses in the United States are far too few to meet the ever increasing demands for their services, and funds are needed for the establishment of scholarships for the training of nurses for this highly specialized work.

Mrs. Alex Halthill and daughter of Cincinnati is visiting relatives here.

## SUNDAY SCHOOL LESSON SEPTEMBER 21, 1919.

Topic: The Bible's Progressive Revelation.  
 Psa. 119:1-11; 2 Timothy 3:14-17; Matt. 5:17, 23, 34; Heb. 1:1-2.

REV. J. J. DICKEY.

The Bible differs from every other book in that it is a progressive revelation of God and his truth. This is the one purpose of the Bible as it is evident to one who will conscientiously study and analyze its sacred teachings. It is God's effort to make himself known to men. In order to fully appreciate the Bible this fact must be kept constantly before the mind in the study of the sacred page. This revelation culminated in Jesus Christ, who is called the Word. It would seem that men were not capable of receiving a full revelation of God at once, or in the infancy of the race, therefore God "at sundry times and in divers manners spake in times past unto the fathers by the Prophets and in these last hath spoken unto us by his Son."

At first God revealed himself as the Creator of the world and all that it contains. He revealed His greatness, His majesty, His glory, His mercy. Later laws for the regulation of his worship and of man's conduct were given. The law given to Moses at Sinai gave detailed instruction. Christ interpreted these laws showing where they had been misinterpreted. This made Him offensive to the religious teachers of His day. Paul in his oration to the Athenians said "The times of this ignorance God winked at, but now commandeth all men everywhere to repent." Christ revealed to man more fully God's mercy. His life and death, particularly the latter, manifested most emphatically God's merciful character.

## The Influence of the Bible

The nations most familiar with the Bible have always been the most enlightened. Until the great commission the Bible was confined to the Jews. But Christ discovered that it should be given to all the world. Wherever it has been given to the people it has softened the asperities of mankind, and lifted men from vassalage to freedom. The open Bible reformed the Roman Empire. When it was taken from the people civilization declined and furnished a theme for Gibbon. Martin Luther found it chained when he loosed it and gave it again to the people civilization took on new life and has advanced by leaps and bounds ever since, where it has remained free. Today it is the most numerous circulated and most widely read of any other book, and its great democratic principles are leading the world. Never has its influence been so prominently manifested as in the diplomacy of today. The League of Nations is an effort to incorporate its principles into the constitutions of the world.

James Russell Lowell said, Jesus and His teachings is making the world safe for democracy. Men little realize their debt to the Bible. It is the one great civilizing agency that can give universal peace. It transforms the individual in that way transforms the race. It should be read daily in every family circle and taught to the rising generation by parents as well as by Sunday School teachers and ministers. Only in this way can it have full course in shaping our nation.

## REV. MR. HARDING BURIED

Winchester, Ky.—The funeral of the Rev. J. A. W. Harding, 96 years old, who died Monday night, was held this morning at 10 o'clock at the Church of Christ on Fairfax street. Burial followed in the Winchester cemetery. Pall-bearers were John W. Harding, William Harding, Isaac Rash, Robert Wolfeot, Fred Wolfeot and Roscoe Farle.

The end of the second round  
 FRED STONE "Under the Top"  
 AN ARTIST'S DRAWING

## TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pain through my back. Doan's Kidney Pills put an entire stop to the pain and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN  
 Over four years later, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Gallenstein had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## COLORED DOMESTIC SCIENCE—GOOD COOKS

Good cooks are made, either being taught by others or teaching themselves—they are never born.

A good cook usually has a job or can get one at anytime, anywhere—stays some time at a place—speaks well of those she has or is working for and they do of her—never falls out with those she has ceased to work for and she can work for them again—she can be gotten along with—readily and politely takes orders and suggestions from those for whom she is working—does her work willingly, never complaining or pouting.

A good cook is reliable, likable, dependable, never late without cause, seldom stays away, readily recognizes the authority of those for whom she works as is true in all other work, takes pride and interest in her employer's work as it were her own, is not ashamed of her job or profession, her kitchen and herself are as clean and as tidy as a pin.

Finally, a good cook saves all and wastes nothing, believes herself to be a good cook and wants to be a still better one, just loves to cook and delights in seeing others eat a plenty of her cooking—who knows the cost of and something about foods, and who has the latest and best word in the preparation and serving of meats.

A cook well up in all these essentials will have no trouble with the wage proposition.

"How to become a good cook," will be next Friday's subject.

The Seventh Grade is now included in the Domestic Science Department, hence we have about six girls between thirteen and fourteen years old who

## Relieves After Effects of Breaks and Sprains

Recovery from fractures and sprains is slow enough at best, but there is no use to be laid up any longer than absolutely necessary. Massage the injured part gently with Houstonia daily. Aching and soreness will quickly go.

The case of E. E. Downing, who lives on Walnut St., in Waverly, O., is one of the many proofs of what Houstonia will do. Says Mr. Downing, "Some time ago, I had the misfortune to break my leg. I tried several remedies without results, until I began using Houstonia Liniment, and am glad to testify that the results were beyond my expectations." On rheumatic joints and swellings too, Houstonia has an almost magical effect. Better get a bottle from your druggist and keep it handy. \$1.00—half size 50c, trial size, 25c. Ask for House-tone-e-ah (The Original Jones' Liniment), and look for Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., So. Charleston, O.—Adv.

For Sale by J. Jas. Wood & Son, Druggists, Maysville.

## We Share the Profit With You

In our store it is not a question of how much profit we can make, but of how reasonable we can sell goods to our customers. That is the basis on which our large and long established business is built. Once a patron always a patron here.

## THE HOUSE OF BARGAINS—LOOK AT THESE PRICES AND ITEMS OF INTEREST

## PROTECTION

When life's shadows grow dim and the twilight of years settles upon us, the most comforting companion, the most dependable one to look to for cheer in our declining years—is a substantial bank balance.

We sometimes lose track of the fact that we cannot always work as we do now. Many an old couple could be happier and far more comfortable today if just a little more foresight had been used in their younger days, and the savings habit had been started when money meant less to them than it does today.

Start now to lay aside a little each week to provide a competence for old age. A few cents a day will do it—consider them spent foolishly if necessary, and you will be independent and comfortable when the silver hairs come.

Let us show you how easy it can be done. Remember we pay 3 Per Cent interest.

## STATE NATIONAL BANK

THE ONLY NATIONAL BANK IN THE COUNTY.

## NOTICE TO TAXPAYERS

The tax list for 1918 is now in the hands of the Sheriff, who will be at his office to accommodate those who desire to settle and

Avoid the Penalty That Goes on all County Taxes on and After December 1

Don't put off paying taxes until the last minute. It means delay to you and in some instances you may be compelled to lose an hour or two of your valuable time. Come early. You have to pay taxes, and in so doing you may save yourself the penalty.

A special invitation has been extended to the members and friends as well as the pastor, to be present at the Emancipation service to be held at the Bethel Baptist Church. Let everyone do all they can towards making the meeting a success. Rev. Penn is to deliver an address at Oneohatchee, Ky., on Monday night.

Plans are being made for the Fifty-Fifth Anniversary of Scott M. E. Church, to take place from October 12-26 inclusive. Letters have already been received from the following ex-pastors stating that they will be present. Rev. W. H. Riley, Rev. R. F. Broadus, Rev. P. T. Gorham, others have been invited to be present and speak in praise for Old Historic Scott M. E. Church. In connection with this program there will be other entertaining features which will be enjoyed by all. The musical will be given by Madam Patti Brown of Chicago. Duo announcement will be made of program later. Don't forget our services on Sunday, come and enjoy yourself giving God the praise.  
I. GARLAND PENN, JR., Pastor.

### UNCLE TED'S BED-TIME STORIES

**Paid In Full!**  
"Children," said Uncle Ted, "Now that you have both started another school year I want to tell you about something that may be brought up in some of your classes. Do you know what the United States will receive for its share in winning the war with Germany?"

"I don't know for sure," spoke up Jack, "but yesterday one of the boys said other countries that sent soldiers to fight Germany will get lots of land and money from Germany."

"Well, you see it is this way," continued Uncle Ted, "After the war was over each one of the countries that had been fighting Germany sent some of their big men to Paris where for several months they met, talked and decided what each country should get. It was decided that little Belgium should be completely restored by Germany and also that Germany should pay back all the money that Belgium had to borrow from other countries during the war. Great Britain and France, according to the treaty made by these men at Paris and later signed by the German representatives, will receive more land. England, Japan, China and others will have a lot more than they had before the war, either in land or money. Now while the United States did not enter the war just because we wanted more land was all thought that when the final arrangement had been made we might get something to repay part of our losses and the money we spent. We want to the rescue of France and England at a time in the war when it looked very much like Germany might win. Our whole idea was to help to the limit and bring the war to an end as quickly as possible."

"Doesn't the United States get anything," asked Ruth "after all our soldiers did?"  
"I'm coming to that in a minute," was Uncle Ted's reply. "When the men from the several countries went to Paris, President Wilson, as you know, sent himself to represent the United States. He had one idea and that was to get all the other men to help him form the world club or league of nations. From that time until today, when he is again away from his work in Washington trying to get the people to believe in this club, he has spent nearly every hour of his time on this matter, and saying he believes it more important than our own government. This meant that in Paris, he had little time to help the United States get something to make up in part for the money the people had to raise by taxes and bonds, and until he talked with the big senators the other day at the White House we didn't know what the United States was to get. At that meeting in a reply to a question, the President said that the United States may get an island called 'Yap' and admitted that he had never heard of it before."

"Where is this island?" asked Jack.  
"It is located in the Pacific Ocean south of Japan and about 800 miles east of the southern part of the Philippine Islands. It is such a small island it looks like a pin point on the map. It belonged to Germany before the war and about the only thing the United States can do with it is to locate a wireless station there. But here is the important part of this matter that I want to explain to you. Many people in this country believe that we should have made Germany give enough either in money or land to pay for the sinking of the Lusitania when hundreds of Americans were drowned. If the gift of the island of Yap is supposed to pay us for the loss of American lives on board the Lusitania it is nothing but an insult."

"What kind of people are there on this island?" asked Jack.  
"That is the bad part of it," Jack answered Uncle Ted. "The island is very old and the people lead a life something like the life which the Bolsheviks in Russia are living. The children belong to everybody instead of belonging to their own father and mother like you and Ruth. Instead of money like ours their money is made of stone and sometimes one piece of it will weigh many hundreds of pounds. Married and unmarried men belong to clubs where the women are not allowed to go and where the person who runs the club is a woman known as 'the queen of the club.' The food, drink and clothes of these people all grow on trees. The men wear strings

of pink shells around their necks which are loaned from one to another, and flowers in little holes in their ears. Cuffs made of shells are also worn. The women who live on this island wear a dress made of leaves or fiber, and instead of a veil such as is worn by the women in Turkey, they must wear a tiny cord of fiber about their necks all the time.

"Uncle Ted," said Jack, "I don't think it is right to treat our country this way. If we were not to get any land or money from the war then to give us this island looks to me as just like making fun of us."  
"That is just the point Jack," was Uncle Ted's quick reply. "It would be better to have a clear record from this war so far as getting land is concerned than to have to take such a piece of land as the Island of Yap, especially if it is supposed to pay for the loss of American lives on the Lusitania."

"Who does Yap belong to now?" asked Jack with a frown.  
"It belongs to Germany before the war but it was captured by Australian troops in 1914," was Uncle Ted's answer.

"Let them keep it then," said Jack.  
"If the President couldn't look after the United States better than that at Paris, then I think we ought to all be too proud to accept it."

### TERRIBLE SORES

No Matter How Chronic, J. Jas. Wood & Son Guarantees San Cura Ointment to Give Relief and Often Permanent Cure.

"My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San Cura Ointment healed the great sore in less than six weeks."—J. D. Hood, Townville, Pa.

Karl C. Banks, of the Atlantic Refining Co., of Pittsburgh, had a sore on his ankle for a year. He doctored, and tried various remedies without relief. He says: "San Cura Ointment worked like a charm; reduced the swelling and healed the sore in two weeks."

Bear in mind, that besides sores San Cura Ointment is used with great success in eczema, hives, carbuncles, salt rheum, tetter, also itching, bleeding and protruding piles. In cases of burns, scalds, cuts and bruises, San Cura is most valuable. The price is only 30c, 60c and \$1.20 a jar, and J. Jas. Wood & Son guarantees it.

**COMPLEXION SOAP**  
If you want a lovely complexion, with soft, velvety skin, free from pimples and blackheads, use San Cura Soap, the great antiseptic and skin purifier. 25 cents a cake at J. Jas. Wood & Son.

If you can't get it at your druggist send to the Thompson Medical Co., Tittusville, Pa.

### GIVES MUCH CREDIT TO AMERICAN PRESS

Credit For Slaying Hand of Strikers Is Given to Press and Public Men.

Washington, September 19. — The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"Short sighted indeed are those who accord to President Wilson credit for slaying the ruthless hand of destruction raised over the nation by the four brotherhoods. While it is true that in his reply to the shopmen he uttered a warning against interference with continuation of productive activity, his words were but the echo and repetition of words of warning that had sprung from the lips of public men everywhere and that had been printed on the editorial pages of papers in all parts of the country, while Wilson was still maintaining a sphynx-like silence. If the country had not first expressed in unmistakable terms its uncompromising denunciation of the proposals, demands and threats of the railroad employees, what reason is there to believe that the President would not have surrendered to threats of force just as he did in 1916? What this country needs today is courageous leadership did not come from the White House. It came from the halls of Congress and from the editorial sanctuaries of the Fourth Estate."

### CAMPAIGN OPENS IN LEWIS COUNTY

The Vanceburg Sun says: Monday, Judge Ed C. O'Rear opened the Republican campaign here in a well tempered address. He dealt with state issues and that's what this campaign is for, the settlement of whether we are to have our state affairs conducted in the interests of the people or for the bosses. The speaker was accorded a splendid hearing by an audience that taxed the capacity of the court room. The mark of 1,425 Republican majority in Lewis county was hung up to be attained at the November election and the sentiment of the audience was that we will do it.

### KENTUCKY LAND IS SOLD

Frankfort, Ky., September 19.—That 55,000 acres of land in Perry county sold for \$1,000 is the report of William Worthington, of Lexington, Commissioner for the Federal Court here. The land was sold to satisfy the judgment in the case of the Goodrich Lockhart Company against Oscar A. Sears, Walter S. Harkins and Joseph D. Harkins. It was appraised at \$3,000, but went to S. M. Boggs for one-third of its appraised value.

Mr. Robert L. Hoeflich, Market street merchant, was in Cincinnati yesterday on business.

## MASON COUNTY FARM BUREAU SHOWS RAPID GROWTH--DOWNING

Chairman John R. Downing, of Mason County Farm Bureau, Makes Statement in Regard to Growth of Organization.

Only a short time ago the progressive farmers of Mason county decided that they should be organized for betterment of conditions on their farms and for their benefit in a business way. The state agricultural experts advised the organization of a Farm Bureau recommending this form of organization above any other kind of organization suggested for farmers.

At the first meeting a goodly number of charter members were procured and since that time members have been added almost daily. In speaking of the Bureau and its rapid growth, Mr. John R. Downing, progressive Mason county farmer, who is temporary chairman of the bureau, today said:

"The Farm Bureau which was projected a short time ago has surprised its most ardent supporters by its steady increase in membership, although no campaign has been conducted. Except for one-half day spent in the Helena neighborhood no teams have been out, yet the membership today stands above one hundred. On account of the tobacco season, it was thought best to wait until later to make the campaign, when all of the farmers in Mason county will be offered the opportunity to join. In order to make definite plans for the campaign, it has been decided to hold it the week beginning September 29, and during the week every interested farmer will be given the chance to assist in submitting the proposition to his neighbors.

"The membership now enrolled is well scattered over the county, over 75 per cent. of the precincts being represented."

### HEAVY WINDS DO MUCH DAMAGE

Heavy winds today did considerable damage throughout Maysville and Mason county. The large sign erected by the Growers Warehouse Company at Second and Poplar streets was blown down and reports from the country are to the effect that many trees were torn down by the winds.

Mr. Leslie Walker has accepted a position with the Cash Grocery in Third street. Mr. Walker is a hustling young man and will prove quite an asset to this progressive store.

Rubber car protectors for swimmers and persons who have their hair shampooed have been invented by a Minnesota woman.

Mr. H. C. Curran, who is attending the meeting of the Sovereign Grand Lodge of Odd Fellows at Baltimore, Md., is expected home today.

## ANCIENT GLORY OF THE RIVERS MAY YET RETURN

Great Campaign to Revive River Trade Is Being Planned—Movies Will Be Used.

New York, September 19.—Through the chambers of commerce of some of the important cities along America's waterways, a national campaign is under way to develop the river cities, revive Mississippi valley trade and open the doors to increased trade for the United States. Ultimately it is hoped to restore the Mississippi to her old-time glory through the revival of the steamboat trade. Statistics show that at the present time it is cheaper to ship goods abroad from all points west of Chicago by the waterways route to New Orleans than by way of New York. It is expected that the campaign will result in steps to establish an airplane mail and express service in the valley region.

It is planned to carry on an educational campaign through the newspapers and the motion picture screen. One important production will be a feature picture based on a story by Booth Tarkington called "The Great American." In this story Mr. Tarkington tells how two American war heroes are induced to abandon their dreams of conquering the big city and remain home to bring the Mississippi back to life.

"The Mississippi is the heart of America, the life-blood of the Valley of Democracy," is their impassioned plea for the money required to buy the ships with which they eventually restore to the Father of Waters the glory of bygone years. The story pictures the river with steel steamboats and hydro-airplanes busily playing their trade as the inhabitants of the river cities through the bustling wharves.

### MANY NEW MEMBERS TO AMERICAN LEGION OBTAINED

Although No Special Campaign Effort Has as Yet Been Made in Mason County, Many New Members Have Been Enrolled in—  
Leslie H. Arthur Post.

This is national campaign week with the American Legion, an organization of young men who saw service during the late world war and all over the entire United States local posts and state organizations are endeavoring to enlist young men into the organization.

Up to the present time there has been no very special effort made in Mason county to obtain new members; yet the officers of the Mason County Post have been very busy among their comrades and they have increased the local Post's membership considerably until the Mason county organization is now one of the strongest, in membership, in this section of the state.

Officers of the local post had hoped to have some of the state campaign men in Maysville some time this week and had expected to have a meeting of the soldiers but these campaign men are in great demand and it now appears that there will be no such meeting held. They expect to keep recruiting, however, until the Leslie H. Arthur Post is one of the strongest in the state of Kentucky. Those world war veterans who have not yet enlisted in this after-the-war organization which is comparable to the G. A. R. and the Spanish-American War Veterans', should get in touch with the post officers and enlist at once.

### HIT BY TROLLEY POLE

Versailles, Ky.—Frank Smith, Lawrenceburg, who is employed by the Kentucky Utilities Company, was rendered unconscious Tuesday by a falling light pole, which he was removing. He was badly bruised about the head and shoulders.

### OUR COLORED CITIZENS

Buy in Maysville. It pays.

### ABERDEEN BOY, NOW POPULAR PREACHER, IS HONORED

The Hillsboro (O.) Gazette tells very interestingly of an all day's celebration given this week in a woods near Hillsboro in honor of Rev. Bernard Grierson, who is leaving the pastorate of the Hillsboro Methodist church to complete his college education in a Tennessee college. Rev. Grierson was presented with a purse of \$100 and the ministers and leading laymen of all denominations spoke very complimentary of him. Mr. Grierson is an Aberdeen boy and for a time he was a student in the Maysville High School. He has many friends in Maysville who will be very glad to hear of the success he is making in the ministry.

### GOOD PROGRAM OFFERED

Manager Russell, of the Washington and Gem Theaters announces the following program for those houses for next week:

Monday—Viola Dana in "Some Bride."

Tuesday—Vivian Martin in "Jane Goes a Moving."

Wednesday—"Gem only"—Madge Evans in "Home Wanted."

Thursday—Elsie Ferguson in "His Parisian Wife."

Friday—Marion Davies in "Getting Mary Married" and Current Events.

Saturday—Earl Williams in "The Hornet's Nest" and Flag comedy, "The Last Battle."

### APPELLATE COURT TO DECIDE CASE OF GENERAL INTEREST

Frankfort, Ky., September 19.—The Court of Appeals will decide at this time the question of whether money collected by the Commonwealth's attorney in excess of \$4,000 in any year during his term of office can be applied to a year in which the amount collected is less than \$4,000. This question will be determined in the case of John H. Gilliam against Robert L. Greene, state auditor, which was advanced and submitted to the court Thursday.

So famed have become Mason county's several Community Clubs, which are proving so valuable to the sections where they have been organized, that County Agent George Kirk has received a request from Mt. Olivet, the county seat of Robertson county, to assist them in the organization of such a club.

The fall rush on marriage licenses has begun and on Thursday County Clerk James Owens issued four licenses to couples who had been struck by Cupid's arrow. The County Clerk is now taking a good lead on Circuit Clerk Key, who has filed but one divorce action in the past month.

Manager George Duley, of the Maysville baseball club, may challenge the Augusta team to another game. The Bracken county crew has defeated the locals twice this season but Manager Duley still thinks his team is the better.

Having completed paving between the car rails in Market street, the contractors have now begun on West Second street. They will probably be able to proceed more rapidly on this street than on the more congested Market street.

Mr. Robert Holliday, of Long Beach, Cal., is visiting his mother, Mrs. Mary Holliday and his sister, Mrs. Philip Wheeler, of West Second street.

Two Post Office inspectors have been checking up the local office for the past couple of days and have found everything in first-class order.

Mrs. W. D. Huston, who has been the guest of Mr. and Mrs. C. P. Dietrich, returned to her home in Covington today.

### MORROW NAMES PERSONS TO HEAD INSTITUTIONS IF HE IS ELECTED GOVERNOR

Louisville, Ky., September 19.—Edwin P. Morrow, Somerset, Republican candidate for Governor, in a speech made at Albany, Ky., yesterday announced the names of those persons whom he would appoint as heads of charitable and penal institutions of the state if he is elected Governor in the election November 4.

The names of those who would be appointed by Mr. Morrow are: Dr. G. P. Sprague, Lexington; Edward W. Hines, Louisville; Dr. W. A. Ganfield, president of Centre College, Danville, Ky.; Fred M. Sackett, Louisville; Mrs. Lafon Riker, Harrodsburg; Clarence N. McElroy, Bowling Green, and Mrs. Alice Hegan Rice, Louisville.

In a campaign speech made several days ago Mr. Morrow said he would name the persons who would be appointed head of the charitable and penal institutions of the state if he was elected. His action at Albany Thursday came sooner than expected.

The last examination for white County School Teachers for this year is being held today and tomorrow in the office of County School Superintendent Turnipseed. Examinations for colored teachers will be held on next Friday and Saturday.

## The Turning Point

The turning point in many a business man's career is the moment when he and his banker come to a perfect understanding.

The officers of this bank desire to KNOW more business men in order that they may become better acquainted with their capacity and resources, and be in a better position to contribute the co-operation which the largest bank in this section is able to give.

With character, capacity and some capital, that other essential to success, CREDIT is easily attained. We should like to have the opportunity to talk over your business problems with you. Perhaps we can help you.
